

WRAPAROUND LABELS

Wraparound vinyl labels (also known as cable wraps, cable labels or cable markers) are perfect for the easy identification of cables and wires. They are available in customised sizes and colours to suit virtually any cable or bundle diameter and can be printed or unprinted. Wraparound self-laminating cable labels are designed to wrap around the cable, laminating themselves as they are applied to create a durable, easy-to-read cable label. They consist of a markable area suitable for printed or handwritten instruction and clear vinyl to over-laminate the marking once applied. They can be used to label or colour code in many and varied applications including computer cabling to identify cable function or distinguish different cable types, or in manufacturing to identify wire, terminals or electrical ratings. They are ideal where space for information on an appliance is limited and can be supplied in a full range of colours, pre-printed to your custom requirements or plain for handwritten marking.

TECHNICAL DATA

- **OPERATING TEMPERATURE**
-40°C to +80°C
- **COLOURS**
Any
- **SIZES**
Any mm – Any mm
- **PACKING** Rolls, sprocket holed for dot matrix, sheet form
- **PRINT**
Yes text, logos, barcodes
- **APPROVALS**
ASTM D 3652, FTM1, FTM8, ASTM D 2979
- **APPLICATIONS / INDUSTRIES** Industrial

Properties	Typical Values
GENERAL	
Operating temperature	-40°C to +80°C
Shelf Life	2 yrs @ 21°C & 50%RH (storage)
Min. Application temp	10°C
Expected exterior life	2 yrs
PHYSICAL	
Thickness (micron)	Film: 80+/-10% Adhesive: 20-23+/-3 Liner: 75+/-10%
Dimensional Stability (%)	MD: 0.75 TD: 0.75
ADHESION	
Adhesion from (N/m)	
Stainless Steel	726
Acrylic	781
Glass	682
Polypropylene	517
Expected Shear (hrs)	25

Size (mm)	Recommended max bundle diameter (mm)	To cover cable size (mm)
Any	To suit any	To suit any
